

9.0 Temporary Use Agreement

See the following page for the Section 4(f) Temporary Use Agreement.

TEMPORARY USE AGREEMENT

The City of Santa Rosa Department of Park and Recreation, as the local officials having jurisdiction over resources defined under section 4(f) (49 U.S.C. 303), agrees that the following conditions, pursuant to 23 CFR 771.135 (p) (7) regarding temporary use of such resources, apply to a project of the California Department of Transportation (Caltrans) to enter the City of Santa Rosa Park and Recreation property for the purposes of widening Highway 101 and constructing soundwalls in Sonoma County:

1. The duration of the occupancy of Section 4(f) lands is temporary. The Santa Rosa Park and Recreation Department resources will be required for the construction of soundwalls within Caltrans right-of-way on southbound Route 101. The duration of the occupancy of Park and Recreation land will be less than the time needed for construction of the project. There will be no change in ownership of the land.
2. The scope of the work on Park and Recreation property is minor, i.e., both the nature and the magnitude of the changes to the Section 4(f) resource are minimal.
3. There are no anticipated permanent adverse physical impacts. Nor will there be interference with the activities or purposes of the resources, on either a temporary or permanent basis.
4. The land being used will be fully restored, i.e., the resource will be returned to a condition which is at least as good as that which existed prior to the project.
5. This Agreement serves as documentation by the agency with jurisdiction over the Section 4(f) resource, the Santa Rosa Park and Recreation Department, of concurrence with Caltrans and the Federal Highway Administration that the above conditions for temporary use are satisfied by the proposed project.

Charles Rust
Department Head
Santa Rosa Park and Recreation
